

LAFD CERT June Community Meeting: Radio 101

When: **Saturday, June 21st, 2025**
Time: **10am to 12pm**
Where: **4024 Radford Avenue, Studio City**
Park: **Bring Photo ID for the Security Guard to check.**

TOPIC:

We will be introducing you to simple walkie-talkie radios that can be used in a limited, but effective way before, during, and after a significant event. Family Radio Service radios aka “FRS” radios are private, 2-way radios that can be used for very short distance communications.

And because **Talking** and **Listening & Recording**... are all very different skills – we will focus our hands-on portion of the meeting practicing each of these skills.

Emphasis: Talking

Search & Rescue team members will rotate through these positions:

- Team Leader
- Scribe
- Radio Communicator

Emphasis: Listening & Recording

Search & Rescue Group Supervisors will accept and record radio traffic:

- Scribe
- Scribe
- Radio Communicator

REGISTRATION: <https://www.eventbrite.com/e/battalion-14-cert-community-meeting-tickets-1317889285329?aff=oddtcreator> or search Eventbrite for “LAFD CERT”. **Please register 24 hours ahead of event** so we can get your name to the Security Company.

***If you have your own radio, feel free to bring, but we will have Midland Radios for you to use on the day. As always, for all our meetings – it’s smart to bring personal water, clipboard, pen and paper. Participants do not need to be CERT trained; everyone is welcome to these meetings.**

Seating is limited to the first 50 registrants - please cancel ticket if you cannot use your ticket with Christy at LafdCertValley@gmail.com.
