

Big Election Event This Thursday, May 22, 2025
Radford Studios
4024 Radford Avenue
Studio City, CA 91604

Pizza and conversation at 630p
Candidate forum starts 715p

Join us! Meet the candidates for **your** Studio City Neighborhood Council.

We have contested races for three categories of Board seats; the Residential Homeowner, Residential Renter, and Business categories have more registered candidates than available slots, so your votes will decide who represents your interests for the next two years. Come on down to meet the candidates, discuss the issues that are important to you, and go home better informed and able to make your candidate selection.

We'll be meeting on the lot at Radford Studios, 4024 Radford Avenue, Studio City. Enter through the Radford gate, and security will direct you to parking near our meeting room.

The meeting will also be available on Zoom.

The format will be for each contested category to be considered separately. The candidates will each have time for a short statement, followed by audience questions. We'll limit the question period to thirty minutes for each of the categories, in an effort to conclude the meeting around 9pm. We are hoping the promise of a shorter meeting will encourage more attendance. If your question isn't chosen or answered to your satisfaction, we will have contact information for the candidates so stakeholders can continue their investigation. Any topics of special interest can be forwarded to Board@studiocitync.org in advance.

Remember that you need to request a ballot to be able to vote. Here's how to do that:

To begin, stakeholders need to request a ballot. Use this [link](#) to complete a ballot request form to be mailed to your home. The deadline to request ballots is June 2, 2025. We will have hard copies of the ballot request form at Thursday's meeting, and will file them with the city for you on Friday morning, if you prefer. The ballot request form is a short document and just takes a minute to complete.

You will then receive a ballot from the City complete with a postage-paid envelope. Fill out your ballot and return it by June 10. Ballots postmarked June 10 will be accepted and votes will be tabulated until June 20, 2025.

Candidate bios and statements are available online, [here](#).

For additional information on how to vote, [use this link](#).

Remember that serving on the Board is only one way to serve the community; the real work happens at the committee level and all are invited to our committee meetings.

We look forward to seeing you THURSDAY!
