5. Revise MOTION on [Council File: 21-0828](#): Los Angeles Zoo Vision Plan / Environmental Impact

The Board of the Studio City Neighborhood Council (SCNC) joins CFAC and the Friends of Griffith Park and others in its support of Alternative 1, and also urges Council to take seriously the review and assessments made by the California Department of Fish and Wildlife, as the Trustee Agency, in their comment letter regarding the DEIR for the Vision Zoo Plan

This motion is to be submitted as a Community Impact Statement (CIS) to [CF 21-0828].

6. Discussion and possible motion on [Council File 21-1470](#)

The Studio City Neighborhood Council (SCNC) strongly supports Council File 21-1470 for an ordinance to amend City code to ensure the City provide the right of first refusal for the purchase of City-owned surplus property in the Santa Monica Mountains to the Santa Monica Mountains Conservancy, as required by State Law.

City of Los Angeles is the owner of many environmentally sensitive parcels in the Santa Monica Mountains, including land that contains the highest concentration of biodiversity, habitat for protected species such as the local mountain lion, protected native trees, and sensitive natural woodlands. In the past, the City has sold these parcels off for development. This practice is opposition to a conservation and environmental standpoint and conflicts with state law - which provides that the resource agencies such as the Santa Monica Mountains Conservancy should be provided the first opportunity to acquire these parcels for permanent preservation of open space.

We agree with the comment submitted to the file by CLAW: "It is important that the City never again make shortsighted attempts to sell away and develop irreplaceable city-owned land which has an inherent value and long-term benefit for the well-being of the environment and all Angelenos".

We urge City Council to approve the ordinance.

This motion is to be submitted as a Community Impact Statement (CIS) to [CF 21-1470].
