

CONSTRUCTION NOTICE

Project Information

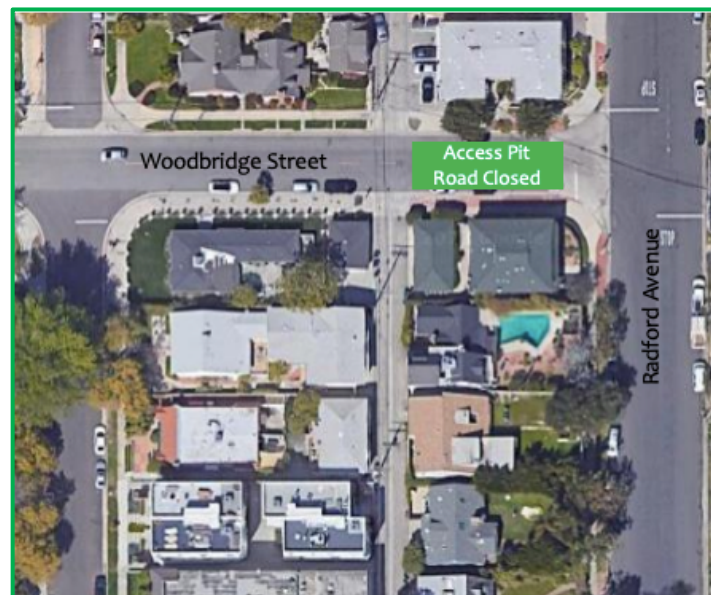

The North Outfall Sewer (NOS) Unit 30 project is rehabilitating the sewer system in your area. This project is needed to address severe deterioration of the sewer pipes, and will include a number of improvements that will make your sewers more reliable for decades to come. This rehabilitation will help prevent sinkholes or other sewer failures or issues that can be associated with the deterioration of sewer pipes. For additional project details, please visit the LACitySAN.org sewer projects page. As part of this sewer project, the contractor will conduct the following activities near you:
