Brought by CD2’s Paul Krekorian and CD4’s Nithya Raman, the legislation supports Mayor Bass’ Declaration of a Local Emergency and establishes a bank account which the Mayor administrates. The motion provides funding of more than \$50 million from various existing accounts dedicated to Homelessness and requires weekly reporting from agencies including Los Angeles Homeless Services Authority (LAHSA), LA Housing Dept., Housing Authority of the City of Los Angeles and the Department of Transportation. Reports include status updates on homeless outreach and engagements, referrals and placements, expenditures, and other metrics and data; updates on the Inside Safe Initiative; and related matters.

This motion is also to be submitted as a separate Community Impact Statement (CIS) to [CF 23-0033].

The reports would detail those who were placed in housing, what type of housing, who did not receive housing or returned to the streets.

The Studio City Neighborhood Council respectfully requests more transparency on the number of permanent support housing units and interim housing beds within the SPA 2 (Service Planning Area) boundaries and the occupancy rates of these facilities on an ongoing periodic basis, either monthly or at least quarterly. THE PEOPLE OF THE CITY OF LOS ANGELES
 DO ORDAIN AS FOLLOWS:

Section 1. Section 165.09 is added to Article 5, Chapter XVI of the Los Angeles Municipal Code to read as follows:

SEC. 165.09. RELOCATION ASSISTANCE FOR ECONOMIC DISPLACEMENT.

A. A landlord of residential real property subject to this article shall provide the relocation assistance specified in this section to a tenant who elects to relinquish their tenancy following a proposed rental increase that exceeds the lesser of (1) the Consumer Price Index – All Urban Consumers, plus five percent, or (2) ten percent. For purposes of this subsection, the proposed rental increase, whether imposed as a single increase or payable periodically over a 12-month period, shall be calculated based on the highest legal monthly rate of rent established as of the date of the notice of rent increase, not any temporary, promotional, or discounted rent.

B. A landlord may offset a tenant’s accumulated rent or other amounts due to the landlord against any relocation assistance payable under this section.

C. Except as otherwise provided in Paragraph D, the relocation assistance amount due under this section shall be three times the fair market rent in the Los Angeles Metro area for a rental unit of a similar size as established by the United States Department of Housing and Urban Development plus \$1,411 in moving costs. The Los Angeles Housing Department shall publish the required relocation amounts annually.

D. The relocation assistance amount due under this section from a landlord of a single-family residence shall be reduced to an amount equal to one month’s rent (calculated at the rental amount payable by the tenant at the time of a written notice of rent increase satisfying Section 165.09.A) if the owner meets both of the following criteria: (1) the owner is a natural person or a natural person who holds the rental property in a trust or registered legal entity controlled by that natural person; and (2) the owner, and all trusts and legal entities controlled by the owner, owns a single-family dwelling unit and no more than four additional dwelling units in the City all of which are on a lot or lots separate from the single-family dwelling unit.

- b. **Motion:** The Board of the Studio City Neighborhood Council (SCNC) requests Council President Krekorian and Councilmember Raman direct the

Department of City Planning to immediately begin the review and update of the Open Space Element of the City's General Plan. [SB 1425](#), signed by the Governor last year requires completion of the update by January 1, 2026. The City of Los Angeles [Open Space Element plan](#) was last written in 1973. An effort to update the Open Space Element was launched in 2017 as [OurLA2040](#), but was abandoned after less than a year. If Los Angeles is to meet the state deadline in a just, inclusive, and transparent manner, efforts to revive the process must begin as soon as possible. We believe it is achievable to meet our housing needs while preserving, enhancing, and expanding an integrated network of open space to support beneficial uses such as recreation, water resources, heat island reduction, habitat and biodiversity, and public health.

- d. **Motion:** The Board Of The Studio City Neighborhood Council (SCNC) supports [Council File 15-0499-S2](#) Biodiversity Protection / Urban Forest / Tree Canopy Coverage / Sustainable Built Environment / Tree Placement / Tree Removal / Land Use Environmental Review

It has been over the two and a half years since the August 12, 2020 request for a report back, there has been extensive substantial loss to the Los Angeles' urban tree canopy. The urban canopy is a valuable, appreciating urban infrastructure asset and its degradation is irresponsible and seriously impacts the quality of life in Los Angeles.

The SCNC requests an update on the report back and encourages the immediate enforcement of all existing tree protection ordinances. We also request an accounting of all exceptions granted in the planning process that allowed tree removal in the 2020/2021/2022 window, in an effort to understand the nature of the damage. It is critical to have ongoing public accounting of exceptions to tree protection ordinances to allow ready investigation by the community. It is imperative that our community preserve our protected and significant mature trees.

- e. **Motion:** The Board Of The Studio City Neighborhood Council (SCNC) supports [Council file: 03-1459-S3](#) to strengthen and amend the City's Protected Tree Ordinance No.177404, as detailed in the Motion introduced by Councilmembers Paul Koretz and Mike Bonin on November 22, 2017.

Clearly protected trees are too easily removed under the “protected tree ordinance” leading to significant losses throughout Los Angeles in recent years. Ecosystem services provided by trees are essential for our city, particularly as we confront the impacts of climate change. A strong Ordinance is critical in the conservation and preservation of trees and the wildlife habitat these trees support. We request an update on the process of strengthening and amending this critical ordinance.
