5. Discussion and possible Motion to write a CIS to be added to the Los Angeles Wildlife Ordinance **Council File: 14-0518** and/or a letter to the PLUM Committee of the LA City Council.

Update to Los Angeles Wildlife Ordinance **Council File: 14-0518** City Attorney Hydee Feldstein-Soto wrote the Code for the Wildlife Ordinance and as if 11/08/24 the Code appears on the Council File. The PLUM Committee has to adopt the written code based on what was passed as the Wildlife Ordinance at City Council a year ago. Apparently, there are some realtors who apparently want to maximize property buildouts and are lobbying to block the ordinance.

According to the city attorney, if the ordinance passes on its own, it will be considered by the state as downzoning, which would put the city in “Builder's Remedy” with the state -- allowing developers carte blanche. Feldstein-Soto is planning to pair the passage of the Wildlife Ordinance with the DTLA Community Plan, which upzones enough property that taken together with the Wildlife Ordinance there would be no downzoning. The two must pass City Council on the same agenda, and we must support Maqueece Harris-Dawson as Council President to agendize these motions accordingly.

Motion: The Studio City Neighborhood Council supports the ordinance amending Sections 12.03, 12.04, 12.32, 13.00, 13.21, 13.22 and 16.05 of Chapter 1 of the Los Angeles Municipal Code (LAMC) in order to create a “WLD” Wildlife Supplemental Use District that establishes regulations to maintain and protect existing wildlife, connectivity and ecosystems and to provide additional benefits including climate resilience, resource management, and public health.

This Motion is to be filed on Council file 14-0518 and sent to PLUM (Blumenfield, Yaroslavsky, Lee, Hutt, deLeon and Maqueece Harris-Dawson). Also it must be attached to the DTLA Community Plan, which has passed PLUM.

Once approved, the ordinance will have an effective date at least 30 days after the approval date. Studio City supported the Wildlife Ordinance in 2014. It was passed by LA City Council in 2016.

6. Discussion and possible motion of a Sustainability event. Presented by Heather Lee
7. Update On Ventura Cahuenga Specific Plan which requires alternating Mexican Fan Palms and Pistache trees.
 - a. the Studio City Neighborhood Council (SCNC), in association with the Studio City Business Improvement District (BID) would like to plant three Catalina Cherries in the parkway below the existing hillside planting commissioned and maintained by SCNC, BID, and Studio City Beautification (SCBA)
 - b. Diana Nicole has been working with the developer of the Elder Care Project at Ventura and Colfax to plant Sycamore's with silva cells which will prevent the roots from being shallow and upending the sidewalks. Apparently they are willing but not sure that the city will allow it due to the Streetscape plan. Asking CD 4 if we can get exceptions from UFD to plant Sycamore Trees along Ventura.
