CONSENT CALENDAR

Government Affairs Committee – Barry Johnson

Motion A: The Board of the Studio City Neighborhood Council (SCNC) *opposes* Council File 25-0247 to instruct the Department of Building and Safety (LADBS), in consultation with the Los Angeles Fire Department (LAFD) and the Department of City Planning (DCP), and with requested input from Livable Cities Initiative (LCI) and the American Institute of Architects Los Angeles (AIA LA), to present within 90 days modifications to the City's Building Code in order to allow for single-exit, single-stairway, multifamily unit residential buildings up to six stories. This Council File seeks to extract yet more entitlements for those already benefiting from subsidized Density Bonus housing, by dramatically reducing accepted, common sense national public safety protections for all residents of multi-family structures. The gratuitous proposed removal of double stairwell egress for emergency evacuation in such projects would delight real estate developers and investors as they look towards the eventual deregulation of rent suppressed units and windfall revenue increases when the enlarged units are restored to full market value.

This motion is also to be submitted as a Community Impact Statement (CIS) to [Council File 25-0247](#).

Motion B: The Board of the Studio City Neighborhood Council (SCNC) *supports* Council File 25-0749 to instruct the Los Angeles Fire Department (LAFD), with the assistance from the City Attorney and Chief Legislative Analyst, to report

back within 60 days on the feasibility and costs of utilizing goats for brush mitigation, including contracts within other jurisdictions that utilize goats.

This motion is also to be submitted as a Community Impact Statement (CIS) to [Council File 25-0749](#).

Transportation Committee – Barry Johnson

Motion A: Having previously submitted Motions on January 19, 2022 and September 25, 2024, the Board of the Studio City Neighborhood Council (SCNC) further clarifies its support of the Sepulveda Transit Corridor Project (a high-capacity rail line connecting the San Fernando Valley to the Westside) with the following requests from the SCNC to the Draft Environment Impact Report (DEIR) request for comments:

- All Subway (ONLY under Van Nuys Boulevard, the Santa Monica Mountains and Westwood Boulevard).
- Single-bore tunnel because it has a huge air plenum at the top of the tunnel, so thousand foot (or more) vents are not needed.
- Use modern automated driverless technology with the ability to get down to 90 seconds between trains and a capacity of 16,000 pphpd with the ability to peak at up to about 20-22,000 pphpd.
- ONLY Walk-through cars (These are important for security because a single security person can access any car on the train while it is moving).
- Platform screen doors at all stations so passengers can't fall on the track.

Motion B: The Board of the Studio City Neighborhood Council (SCNC) *supports* the Report from the Department of Transportation (LADOT) in Council File 23-1189 on an overview of parking fines and fees in the City of Los Angeles. Along with their purpose, this report recommends adjustments (up or down) to several citation fines and fees.

This motion is also to be submitted as a Community Impact Statement (CIS) to Council File 23-1189. Link to [LADOT Report](#); Link to [Council File 23-1189](#)
