

Studio City Pop-Up Drill

Saturday, May 20th, 9:30am-12:30pm

IN-PERSON DRILL – MUST SIGN UP ON EVENTBRITE

Statistically, 70% of all survivors of a disaster are rescued by other survivors.

Immediately after a disaster, you and your neighbors will become the first responders in your community.

What you do in the first hour after an earthquake will save lives.

These Monthly Pop-Up Drills are held in-person across the City of Los Angeles.

We set up a Staging Area and deploy out Damage Assessment or Incident Response Teams.

Based on your experience and physical ability, you can support the Staging Area or walk the neighborhood on a Team as a Team Leader, Radio Operator, Scribe, or Responder Pair.

You must sign up on Eventbrite address below to get the address and waiver.

Visit our YouTube Channel to review or re-watch past trainings:

<https://videos.ntp-la.org>

This training is open to everyone regardless of if you are CERT trained or not and regardless of if you live in the area or not and regardless of your physical ability or limitations.
