

North Outfall Sewer Rehabilitation Unit 29 NOTICE OF UPCOMING CONSTRUCTION ACTIVITY

Background

The North Outfall Sewer (NOS) Unit 29 project will rehabilitate the sewer system in your area. This project is needed to address severe deterioration of the sewer pipes, and will include a number of improvements that will make your sewers more reliable for decades to come. This rehabilitation will help prevent sinkholes or other sewer failures or issues that can be associated with the deterioration of sewer pipes. For additional project details, please visit the LACitySAN.org sewer projects page.

Summary

This project will include rehabilitation of the NOS Unit 29 major trunk line sewer, along with construction of a new 8” local sewer line. Construction activities will include:

- Excavation of trenches and installation of new 8” sewer line
- Excavation of access pits to allow repair of the large line
- Cleaning of NOS Unit 29 sewer and removal of debris to prepare for rehabilitation
- Rehabilitation of sewer via insertion of new pipe using the constructed access pits
- Backfill and restoration of work site

Work Hours and Location

Time: Monday through Friday, 7:00 a.m. to 4:00 p.m.

When: Summer 2023 – Winter 2025

- Preliminary work (marking of utilities, exploratory small excavation, CCTV camera inspection of the pipe) is expected to take place starting the week of 5/10/23
- Major construction activity is anticipated to start mid-June, 2023

Where: A new 8” sewer line will be installed on Chiquita between Beck & Colfax
The NOS Unit 29 large-diameter sewer will be rehabilitated via a number of pits located between Beck Avenue & the Tujunga Wash (*see map*)

What you need to know

- A detailed construction notice will be distributed in the area of any major construction activities before they begin.
- Some traffic closures & restrictions may be necessary to ensure safety and to help the project to be completed as quickly as possible. These will be communicated to surrounding residents and businesses in advance.
- Temporary “No Parking” in work zones with advanced notice.
- Driveway, trash, and delivery access will be maintained.
- You may see **trucks, construction workers, heavy equipment, and supplies** during the sewer repair work.
- Some **noise, dust, and vibration** is associated with construction activities.
- You may detect **odors** from time to time. Measures will be in place to reduce odors.
- Project Construction Schedule is subject to change due to weather and other unforeseen circumstances.
