5. Discussion and possible motion (to the City and State)/Community Impact Statement with respect to AB 43 regarding pending State legislation which would bring down speeds on streets where there are a high number of serious and fatal crashes. California's process for setting speed limits has proven to unintentionally increase speeds over time and often results in the City raising speed limits on streets with an already high incidence of death and serious injury, which is

inconsistent with the City's Vision Zero goals to eliminate traffic deaths – Barry Johnson (15 min).
